

Welcome to NEWLIFE EXPO 2006. Isn't it time that you begin to experience all of the things you wanted to try but just couldn't find the time for?

Are you that secretary or stockbroker or taxi driver who never made the time to take care of yourself in the manner in which you know you need or deserve. Or are you the doctor or dentist who has read about complementary medicine or integrative medicine or holistic medicine or alternative medicine and you know that you must learn more about it, but just haven't? Are you the chiropractor or bodyworker or holistic therapist who for some reason has stopped your studies in alternative medicine and realize there is so much that you don't know. Or are you the pharmacist or health food store owner who hasn't had the time to leave your store and learn about the new products your sales people tell you about.

For all of you, you owe it to yourself to come to the NEWLIFE EXPO on October 20-22 at the Hotel New Yorker on Eighth Avenue between 34th and 35th streets. You will be entering the Disneyland of mind, body and spirit.

For only \$15 (\$10 in advance), you can experience lectures, panels, dance performances, music concerts and exhibits daily. A true New York Bargain.

Let NEWLIFE EXPO answer all of your questions. You will be able to attend lectures (eight lectures going on every hour for these three days) taught by some of the most innovative minds on the planet, as well as meet the authors you have read about. Let them answer your deepest questions and autograph copies of their books for you.

Visit the NEWLIFE Bookstore in the Herald Square Suite on our newly renovated third floor. Every book will be sold for half-price. The third floor also houses over forty more exhibitors as well as two more lecture rooms.

Think you will go hungry at the expo? Never! Visit our Natural Foods Dining Area

Visit the 150 exhibit booths and sample their products and share their knowledge.

Our incredible panels taking place in the Gramercy Park Room on the third floor, included in the Day Pass, are: Vibrational Healing Panel, Nutrition Panel and our most popular panel-The Strange Universe Panels.

Don't miss Dannon Brinkley, Sean David Morton, Swami Bua or any of the other 150 lecturers who will enlighten you with their expertise.

Yes, experience the products of the new millennium. Don't let life pass you by. You know that the water you drink isn't healthy, but you do not know which water purifier to buy. You use herbs and vitamins but you are not sure which are standardized or which ones really contain everything that the label states. You want to buy an air purifier but you don't want to get ripped off. You've heard about the benefits of magnets but never experienced them and don't know which ones work better. You have a friend or relative who isn't feeling well and their doctor isn't helping them but your intuition knows that your doctor doesn't know all of the options he/she has available to them. Or your life isn't as healthy or vital or as exciting as it used to be. Come to NEWLIFE EXPO and meet over 12,000 people who want to learn the same things as you.

**And take a day off on Monday to experience a day you won't forget with either Sean-David Morton, ET Ron or Starr Fuentes.**

Take a weekend out of your life and enjoy a world of possibilities. Who knows, you might even fall in love. One thing I can promise is that your life will never be the same. Aren't you worth \$10 for a day or \$25 for a whole weekend?

And remember... it's a NEWLIFE!!!

**WORKSHOP 4th FLOOR****SEAN DAVID MORTON*****S.R.V. - Spiritual Remote Viewing***

Sean David Morton, one of America's most famous Intuitives and futurists, will teach the meditations and lessons he learned from his Black Hat Tibetan Masters in Nepal at the T'ang Boyche monastery, that allow him to travel the time stream and make his amazing predictions. Sean has waited 12 years to guide and instruct this workshop, not being allowed to teach these techniques until he turned a certain age and achieved a specific level of attainment. Sean's Tibetan knowledge has also been accentuated by his modern training in REMOTE VIEWING TECHNIQUES developed by the Stanford Research Institute (SRI) for the US military psychic warriors program later called PROJECT: STARGATE. You will be taught the basics of building a mental "Bridge" allowing travel to any time, place or dimension. His classes, after just a few hours of training, have had revelatory and fantastic visions of the future, along with hitting hidden "targets" with remarkable accuracy. Sean will also teach you a few very practical "tricks" as to how to use these techniques as to how to win at games of chance, such as roulette, horse racing and the stock market....just for fun. Sean will also have available the amazing new MIND DAZZLE game, an Associate Remote Viewing kit that can help you in your training to master your abilities to view persons, places or things, remote from you in time and space. You will learn the Seven Tibetan Exercises, the Violet Fire, the meditation of "All Knowing", Astral Time Travel, 'Never Fail' personal and planetary healing techniques, The Golden Needle, the Taoist posture of 'Eternal Life', Tantric and TRATRIC activation and the GOD FORCE meditation. Please wear loose, comfortable clothing. Bring your compassion and light heart and be ready to work for yourself, your family and your world. But most of all, be prepared to have fun and be amazed at the unlocking of your own personal power!

PANEL FRIDAY 6:00 PM GRAMERCY PARK RM

**Vibrational Healing Panel**

**Jodi Serota, Starr Fuentes, Julianne Bien, MJ Sawyer, Dr. Steven Angel**

***The Past, Present, and Future of Healing***

A panel of internationally recognized experts will address what the nature of Vibrational Medicine is and what is required for true

healing to occur. "Everything Vibrates". It has been said that our pattern of perfection existed long before we were born, and distortions in this energetic pattern, or gridwork, is at the heart of all states of dis-ease/ dis-harmony. Knowledge of our multi-dimensional/ subtle natures is the key to understanding the process that engendered them, and most importantly, how to re-establish balance. We will explore what major healing systems have in common, and how an understanding of these commonalities can only increase their effectiveness and overall success.

LECTURE FRIDAY 6:00 PM CENTRAL PARK RM

**Bobby Newman**

***Taking Back the Body: Combining Body and Mind-Based Treatments***

We are physical, mental, and spiritual beings. There are times, however, when a problem in one area

negatively impacts on the others. Our primitive bodies sometimes register a physical threat in response to a merely social problem, for example. In this workshop, participants will learn to recognize the different systems and learn scientifically-based ways to handle such difficulties, without psychotropic medications. # Free Lectures-Workshops By a “Rolls Royce” Speaker

*That May Instantly Relieve Your Pain, Relax Your Stress  
and Empower Your Well Being. Why Free?*

## *Who is the “Rolls Royce” speaker?*

At this expo, Dr. Warner Chen is No.1 and incomparable regarding his education and teaching background, like a Rolls Royce car. A PH.D. from NYU, then after Harvard Trained, he has taught at Mt. Sinai and Harvard Medical Schools. His first lecture-workshop, in conjunction with Bill Moyers’ HEALING and the MIND, took place at the auditorium of Mt. Sinai.

As an experienced acupuncturist and Qigong master, Dr. Chen has been helping people from all kinds of fields including celebrities, bishops and rabbis. Dr. Chen has appeared on TV, newspapers, magazines and other medias in America, Japan, Korea, China, South America and Europe. Surprisingly, he rejected to appear on the “Guiding Light” of CBS and “Good Day New York” of FOX. For example Dr. Chen was rewarded a Rolex gold watch, 3 nights in a hotel, round trip air tickets and a personal tour on the island with a private guide when he was invited to give a lecture/workshop in Bermuda. So he rejected to give a lecture with low pay. That’s why, example, he turned down Queens College, because they wanted to pay him \$200.00 for a 30 minutes lecture.

## *Why Do I Now Give Free Lectures?*

In the stormy night on February 28, 2005, my car was stuck in snow on the Engle Street, Englewood, New Jersey. I was hopeless and helpless, more I tried to accelerate forward, more the car slid backward. It’s dangerous and nobody was there. To make a story short a miracle happened: first a black man suddenly appeared, then a Spanish guy with a shovel and finally a white woman with a bag of salt. They all tried to help me, even risking their lives to push my car from behind, which my car kept on sliding back. Finally, my car and I were saved. They made a signal, asking me to keep on driving without trying to stop. So, I didn’t have to get stuck in the snow again. At that moment, something enlightened my mind. What the most important thing in this world is love/compassion but not money. However, I have been upset until now, because I have had no way to pay them back about the act of grace they did for me. At least three times, I went back to that place. I have tried very hard to find them, but it’s in vain. So, here I am, why don’t I give you my heart? To express my gratitude, I would like to offer you my best lectures-workshops at no charge.
