

HEALING YOUR LIFE WITH

CORDYCEPS MIRACLE

DR. PAUL LING TAI, DPM, ABPS, FACFS

Dr. Paul Ling Tai is a world renowned physician, researcher, teacher, inventor and formulator of extraordinary, all natural, herbal supplements. Dr. Tai is a trained Podiatric medical physician and Board certified surgeon with expertise in herbal compound engineering, research and development with several patents credited to his name.

Dr. Tai has helped thousands of patients and consulted countless doctors on difficult cases all over the world, earning him the title of the "Doctor's doctor" and "Doctor of last resort". His breakthrough technologies have been featured in many renowned medical newsletters such as Women's Health, the Health Science Institute, and Women's World Weekly distributed worldwide. Dr. Tai has also made several television appearances such as Michigan TV Channel 7 - Who's Who of Michigan, Time Warner Channel 35 - WNYX and radio talk shows nationwide.

Dr. Tai knew that "main stream" medicine does not have all the answers to all the difficult health problems that are affecting millions of people everyday. Remembering his heritage and his mother, a Traditional Chinese Physician, not only did she teach Dr. Tai the ancient Chinese healing secrets since he was a little boy, but also instill in him the desire to become a doctor himself. Dr. Tai began his research and later formulated a line of "Condition Specific" herbal supplements using the Ancient secrets from the East, with the advanced technology from the West, to give us the most unique, natural herbal prevention and alternative medical supplements.

Dr. Tai has served under two Michigan State Governors and was recognized with a Vice Chairman's position on the Michigan Board of Podiatric Medical Licensing and as Chief Examiner for new Podiatric physicians. He also served as head of Surgical Residencies. In addition to his various capacities, Dr. Tai has served as Chairman of the Podiatric Physicians Continuing Education, as well as Chief Compliance Officer for the State of Michigan, supervising doctors.

Dr. Tai is a tireless researcher who is dedicated to achieving excellence and desire to help others, a rare combination of success, creativity, clinical acumen, and humility.
